Respected Sir /Madam,

It is a well-known fact that the frontline workers of ONGC have braved the intense first wave of the pandemic and ensured uninterrupted fuel supply to the country.

However, it is ironic to note that these Energy Soldiers have not yet been included in the Priority list for vaccination against Covid-19.

It is imperative to mention here that a Vaccination Camp against Covid -19 was organized by Medical Services Chennai for all willing ONGC Regular Employees, Ex-employees and their beneficiaries (18 years and above).

It may be prudent to note that even after registering on Arogya Setu / Covin Apps it is difficult to find vaccination slots as the same get booked within seconds.

Furthermore, other PSU Employees & even the private companies in close vicinity to ONGC Uran Plant & Hazira Plant have vaccinated their Employees & their dependent family members.

Therefore, it is requested to inoculate the all the ONGC workforce of W.O.U., including Tenure Employees, Direct Employees, Ex-Employees and their dependent family members also the secondary workforce at the earliest. For this purpose the Vaccine producing firms may be contacted & help of Panel hospitals may be taken, which has been done by the other Organizations.

This will surely ensure protection to the ONGC workforce and their families and reduce their susceptibility to COVID 19. It need to be done on war footing. MOST URGENT.

Thanking You.

Yours faithfully,

Santosh J. Patil,  
Dy. Gen. Secretary  
For Gen. Secretary, PEU, WOU.
