WOU, ONGC,
Mumbai.

Subject: - **Allowing employees & family dependent (Spouse) to PME at nearby empaneled hospitals other than Mumbai.**

Respected Sir,

As we already know we gone through the long pandemic period. Now everyone is aware and understand the necessity and importance of preventive health checkup. We as ONGCC employee and our family dependents (spouse) are fortunate that we have such great facilities. Also, for offshore working employees it is essential to do there PME after every two years. In WOU –Mumbai most of employees are of outside of Mumbai region, and its quite default for employees and their family dependents to come Mumbai and do the PME, also the accommodation is serious issue for it as our Santacruz guest house is not in working condition and unavailability of hotels is well known and uneconomical. To motivating employees for PME on time and to remove above said hurdles, we request you allow employees to do their PME at nearby ONGC empaneled hospitals other than Mumbai region, which will helpful to implement such facilities more effectively and judiciously.

Thanking you with anticipation.

Yours faithfully,

(Santosh J. Patil)
General Secretary
