This is to express our gratitude towards the courage shown by the above-mentioned Crew of *Rig Sagar Kiran* in saving the life of Shri. Ranajit Mal, Chemist, who was one of the survivor in the recent chopper incident which took place on Thursday 28th June 2022. The speedy action and preparedness shown by you cannot be expressed in words. The kindness and willingness to help someone in distress will not be forgotten and will be grateful every day.

It is our Organization's good fortune to have Employees like you and we are extremely thankful for the measures taken by everyone during the panic situation. However, 'thank-you' is an understatement in order to truly appreciate the effort, yet we still hope for more people to get motivated by such acts of bravery to help someone in need.

Regards,
