Subject: Request for Urgent Contribution to the Maharashtra Chief Minister's Relief Fund for Drought Relief.

Respected Sir,

On behalf of the Petroleum Employees Union, I am writing to bring your urgent attention to the severe drought (Dushkal) crisis gripping Maharashtra, where the state government has officially declared a drought across 305 talukas due to a critical lack of monsoon rainfall. The ground reality for rural communities is devastating, and people are directly facing life-altering hardships:

- **Severe Water Scarcity:** Entire villages are completely dependent on infrequent water tankers, forcing families to walk miles for basic drinking water or rely on contaminated sources.
- **Economic Ruin:** Widespread crop failure has stripped farmers of their livelihoods, plunging rural households into crushing, high-interest debt cycles.
- **Forced Migration & Livestock Crisis:** Parched lands and acute fodder shortages have forced families to move their cattle to fodder camps (Chara Chavani), sell them off at heavy losses, or abandon their homes entirely to seek survival in cities.

As a leading Maharatna PSU, we have a long-standing tradition of standing with the community in times of crisis. In the past, we have contributed heavily to situations like this—for example, during the flood crises in Chennai and Assam. Several public institutions, municipal bodies, and corporate peers have already stepped forward with significant financial contributions to help mitigate this disaster.

We earnestly request management to approve a generous corporate donation to the **Maharashtra Chief Minister's Relief Fund (CMRF).**
